## 2021 PINOT NOIR

In 1989, we selected a site – today known as Home Block Vineyard – that set the stage for the Pinot Noir grape to truly shine. We had a hunch that the vineyard was special and with each passing vintage we've been delighted to confirm our theory. The combination of soils, varied elevation and the moderating effect of the lake produces deeply complex wines with fruit-forward character.

An extremely dry, warm start to the year with a cool and wet spell in early June. Unprecedented midsummer heat leading to the earliest start of harvest on record and the highest number of growing degree days on record.

### TASTING NOTES

*Dried, fresh cherries, citrus, cedar, earth and leaf*
