

ESTATE GROWN

2020 PINOT NOIR

In 1989, we selected a site – today known as Home Block Vineyard – that set the stage for the Pinot Noir grape to truly shine. We had a hunch that the vineyard was special and with each passing vintage we've been delighted to confirm our theory. The combination of soils, varied elevation and the moderating effect of the lake produces deeply complex wines with fruit-forward character.

Average Okanagan spring temperatures began the 2020 growing season with periods unusually cold and wet weather. Colder periods progressed into the early spring contributing to a marginal fruit set, but as the season progressed into the summer months we regained our highly celebrated Okanagan conditions. The dry, warm and hot summer produced good growth permitting all varieties to ripen with excellent balance and incredible flavor intensity.

TASTING NOTES

Earthy with notes of dried leaves, blueberry and dark cherry. Firm tannins and broad structure reflect the vintage.
